

Shifting Baselines – Workshop Pledges

1. Enjoy the random conversations to be a stronger story teller!
2. Adopt the people and story led approach to data.
3. be more connected to actively protecting the sea; ie. clean ups!
4. Continue making most of data & get involved.
5. Explore seagrass spotter visualization with Sustainaverse
6. Look at Seagrass Spotter - Citizen science - get involved - Look for more insights + solutions.
7. I want to learn more about water pollution, & how the sewage system etc. works, so I can better inform my wild-swimming friends.
8. Do more to bring together stories & local knowledge with data
9. Granton Coastal Park WOW! Find out more and get involved.
10. Love the idea of Granton park encompassing OCEAN as well. My pledge is to spread contagion of this kind of idea.
11. I'll get more involved, learn more, and try to make a meaningful contribution to help with the local projects.
12. Think about the point of view of water as a key perspective.
13. Learned the importance of data custodians.
14. Help contribute to the development ideas for the Granton Coastal Park through engagement of local communities that stretch the coast.
15. Spend more time on Edinburgh's coast & do a beach clean.
